

OVERVIEW

Thai ORIX Leasing has been a pioneer of the leasing industry in Thailand since its foundation and has played a prominent role in the evolution of the leasing industry and penetration of the leasing product in the financial market.

TYPES OF ASSET WE LEASE

AUTO

We provide operating and financial leases for sedans, pickups, vans, trucks and forklifts. We help our customers manage their fleets efficiently and cost effectively thru superior service that has been refined over decades.

OFFICE AUTOMATION

Our unique IT and copier leasing solutions provide benefits which cannot be enjoyed thru hire purchase financing. With flexible terms and the option to return the equipment at the end of the lease term, staying up to date on the latest equipment has never been easier.

INDUSTRIAL MACHINERY

In addition to vehicles, heavy machinery, and office equipment, we can also finance a wide array of specialized equipment. These include production machinery, industrial printing, medical devices, many others. Via our sales and leaseback scheme, you can also enjoy BOI tax benefits that you may have been awarded.

OVER 40 YEARS IN THAILAND

As the first leasing company in Thailand, Thai ORIX Leasing has been one of the driving forces in shaping the Thai leasing industry into what it is today. Looking forward, we continue to innovate our products and services to help companies expand their operations and manage their auto fleets more efficiently.
