

PRESERVE YOUR CAPITAL THRU LEASING

For many companies, leasing allows you to expand your business without sacrificing your precious capital upfront.

Preserves capital

You don't need to use large amounts of capital upfront to purchase equipment, 70-100% of the equipment can be financed.

Easier to replace

As equipment is expensed over the lease term it becomes easier to replace it before obsolescence.

Tax benefits

Lease payments are 100% tax deductible expenses.

Additional financing

Does not use up working capital credit provided by banks or require additional collateral.

Fixed monthly payments

No unexpected increases in financing costs due to interest rate fluctuations, future expenses are easier to forecast.

EQUIPMENT AVAILABLE FOR LEASING & HIRE PURCHASE

We will gladly accommodate your needs. Please feel free to contact us with questions about the equipment.

Machining

- Tooling

OVER 40 YEARS OF EQUIPMENT LEASING IN THAILAND

As the first leasing company in Thailand, we have been a major force in educating the market and shaping the industry into what it has become today. What sets us apart from commercial banks and even many leasing companies is our **deep understanding of the equipment** being financed and the **needs of our customers** that lease them.

Over 40
Years in Thailand

37,000

Financed since 1978

WHY CUSTOMERS CHOOSE US

Speedy Response

We are able to make credit approvals within 3-5 working days for typical cases and as short as hours for small ticket items.

Flexibility

We understand that some businesses have unique cash flow patterns and can adapt our offer accordingly.

Part of the Community

As a long-standing partner to suppliers, contractors and end-users, we like to think that we are a part of your community.
