

A BETTER EXPERIENCE WITH TECHNOLOGY

With the ORIX Fleet Portal, we provide you with an end-to-end solution which helps you manage your fleet efficiently, improve driver safety and help you achieve your CSR aspirations. Understanding that managing a fleet effectively requires active involvement from both fleet managers and vehicle users (drivers), we have also tailored our solution to meet the needs of both via our Fleet Portal website and a separate Line Official Account.

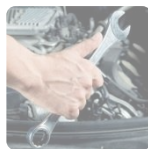

WITH THE ORIX FLEET PORTAL YOU GET

Vehicle/ Contract Details

- Contract details
- Payment history
- Traffic tickets

Maintenance History and Forecast

- Maintenance history
- Reminder for next maintenance, tire change, battery change

Support for IFRS 16

- Operating lease treatment as prescribed by IFRS
- Option to set your own interest rates

GET EVEN MORE WITH TELEMATICS

With our optional GPS package, we can help fleet managers monitor dangerous driving behavior, fuel efficiency and vehicle utilization. With these additional insights, many of our customers have been able to reduce accidents, improve fuel efficiency and optimize the size of their vehicle fleet.

Driving Behavior

- Speeding
- Braking
- Accelerating
- Cornering
- Idling

Fuel Efficiency

- Monthly average mileage
- Monthly fuel efficiency

Violations

- Over speeding
- Over time usage
- Idling time

PERSONALIZED SERVICES FOR YOUR DRIVERS

ORIX Line Official Account is designed to help your fleet drivers stay in control of their vehicles, making it easier to request maintenance, report issues, check your traffic tickets and get quick response from insurer when accidents occur.

*Our Line OA is available to drivers from participating customers.

INFORMATION AND SERVICE DIRECT TO YOUR DRIVERS

With our Line Official Account, all of the basics for maintaining vehicles are now available at drivers' fingertips.

Vehicle & contract information

- Basic vehicle information
- Next maintenance schedule
- Request maintenance and repair
- Report malfunction
- View maintenance history

Drivers' safety and compliance

- Call insurer when accident
- View unpaid traffic tickets
- Clear traffic tickets
- View Driving score*

*Available for GPS users

Self-services

- File insurance claim
- Request and receive registration book file
- Request and receive insurance policy file
- Contact ORIX

FREE UP TIME OF YOUR FLEET MANAGER

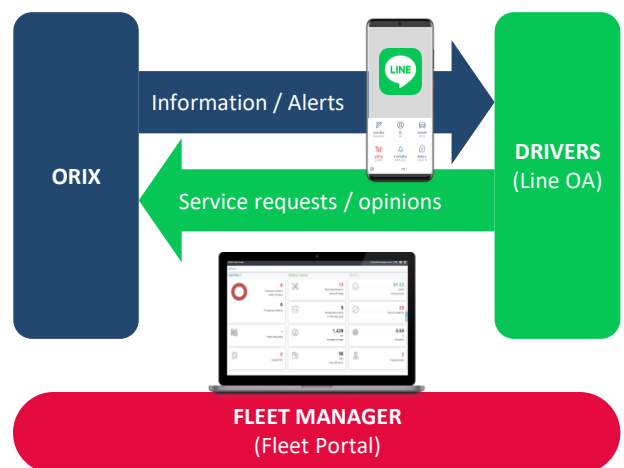

Line OA allows for direct communication between ORIX and your drivers: fleet managers have more time, drivers get faster service.

Fleet manager has full visibility thru use of ORIX Fleet Portal

With the time freed up, your fleet manager can focus on more important matters.
